The aim of our next meeting is to recap the focus and agenda for the PPG and ask for volunteers to join our core group.

SURGERY POD

We are re-instating our Surgery PODs

The Surgery Pod will be located at both sites and enables patients to perform their own checks such as blood pressure, weight and height etc.

The results are then instantaneously updated into your patient records and can be immediately viewed by a GP or nurse.

The Surgery Pods will be available to use during surgery opening hours

8.30am – 6.00pm Monday to Friday

You do not need an appointment just pop in when it is convenient for you.

The pod is simple to use and on-screen instructions take you through the process.
